For now, state certifications for SDWA won't matter. ESAT doesn't hold one either. We will probably require it later.

Craig,

Still waiting on quote from Farmington lab.

A couple of issues with them

1. No certifications (see below)
2. At least an hour away from Durango

Will show their quote as soon as received

Subject: RE: Request for Quote: Gold King Mine

Greetings Moira,

It would be our pleasure to submit a bid for your mine work. However, we at Envirotech hold no third party or state certifications. The state of Colorado has no RCRA or CWA certification, however, they do have a SDWA certification which we also do not hold. We do have the instrumentation to provide this work and can perform the requested analysis.

If we don't need to be certified for this work it would be our pleasure to submit a bid. Please let us know.

Thanks,

Walter Hinchman/Greg Crabtree

Lab Director/Environmental Manager, PE

Subject: Request for Quote: Gold King Mine

Weston Solutions, Inc. requests the submission of a quote for the attached laboratory analysis. Please respond with the attached bid sheet completed as soon as possible, as this is a US EPA START team emergency response operation.

This work is for the Gold King Mine site in Silverton, CO.

- The number of samples is not yet known. The attached bid sheet includes a sample number of 1 solely to acquire your price per sample.
- This may be an ongoing investigation with multiple sample delivery groups.
- We will need a 24 hour TAT on all samples.

Please also respond with your weekend capabilities. It would be very helpful in the early stages of this project, especially this weekend, if laboratory analysis was available.

The terms and conditions, which will apply to any Purchase Order, contract, or agreement resulting from this solicitation are attached:

- Appendix L – General Provisions- Laboratory Services
- EPA R8 Start IV supplemental Contract Terms

Please let me know if you have any questions.

Thank you,

Moir Pryhoda
